The FR 2 465 484 reference is not in the English language. Generally, an Applicant is required to submit either a translation or partial translation of the relevant portion of a non-English reference, or a concise explanation of a non-English reference's relevance. However, pursuant to MPEP § 609, Applicant is not required to submit a translation, partial-translation or a concise explanation of this reference's relevance. Applicant is not in possession of any translation or partial translation of FR 2 465 484 and is under no affirmation. The requirement for a concise explanation of relevance can be satisfied by submitting an ISR or action which indicates the degree of relevance found by the foreign office. In this case, the ISR states that FR 2 465 484 is a reference that only defines the general state of the art and has no particular relevance to the claimed subject matter. The concise explanation requirement for non-English references is satisfied by the fact that the ISR identifies the FR 2 465 484 reference's level of relevance.

The Director for the United States Patent and Trademark Office is hereby authorized to charge any fees that may be required to Deposit Account No. 23-0650. Please refund any overpayment to Deposit Account No. 23-0650.

The Applicant submits that they have complied with the requirements set forth in 37 C.F.R. §§1.56, 1.97 and 1.98, and therefore respectfully request that this IDS and the cited references be considered and made of record.
